

**OWEN McMILLAN**

*Encana Oil & Gas (USA). Inc.*

Mr. McMillan is a Certified Professional Landman with twelve years of upstream oil and gas experience within the US lower 48 and Gulf of Mexico, specializing in land management, acquisitions and divestments, and business development.

Currently, Mr. McMillan serves as a Senior Land Negotiator with Encana Oil & Gas (USA). Inc., where he provides land and strategy guidance to develop and optimize Encana's acreage position within the Permian Basin. Prior to joining Encana, Mr. McMillan served in various land and business development roles within Shell's US onshore and offshore divisions. Mr. McMillan played an integral role in Shell's \$2B entry into the Permian Basin, in addition to assisting in offshore lease sales and negotiating farmouts to drill exploration wells in the Gulf of Mexico. Prior to his experience with Shell, he was an inhouse landman with Foundation Energy, where he led due diligence efforts on several producing property acquisitions.

Mr. McMillan began his career in the oil and gas industry as an independent landman serving fortune 500 companies throughout the Rockies. As an independent, Mr. McMillan spent three years in the field, researching title records and acquiring leases, before becoming a project manager for a Denver-based broker, overseeing the assembly of a large acreage position within the Niobrara. Mr. McMillan also manages his own portfolio of oil and gas interests.

Mr. McMillan received a B.S. in Political Science and History from Northern Arizona University, where he graduated with honors. He earned a MSc in Global Energy Management from the University of Colorado Denver. He is a member or has held membership in the DPC, AAPL, DAPL, Houston ADAM, Houston Producer's Forum, PBLA and participated in the DPC Mentoring program.
